

About Professional Services

Let EVP Systems do the work for you—fast

EVP Systems Professional Services Department is the fastest, easiest way to get complete securities evaluations for IRS Form 706 and 709. Simply **fill out a page on our website**, or **fax or e-mail a portfolio** to us, and you'll receive a complete, accurate report back—the same day.

No Surcharges for Same Day Turn-Around

The fastest turn-around in the industry, all without extra charges. We can almost always get your report back to you the same day, usually in a few hours, and there is never a charge for fast service.

Volume Discounts of Up to 35%

Depending on how much you use the service, you can get over a third off your bill, every month.

Free Delivery via E-mail, Fax, and the Post

There are no extra charges for returning the report to you via e-mail, fax, or the postal mail. We can also send the report as a PDF, an EstateVal file, or as a word processor document, so you can edit it as needed. We can even send back files to be imported into your trust system.

Reports Created with EstateVal & GiftVal

All Professional Services reports are created with EstateVal and GiftVal, the most accurate, most trusted software for historical securities valuations.
